INACTIVE MEMBERSHIP IN AMTA APPLICATION PROCESS

The Inactive Membership category was established to provide a level of membership in the American Music Therapy Association (AMTA) for music therapists who are not currently active as professionals, but who intend to return to the profession. This membership category allows individuals to remain involved in the Association and stay informed about issues critical to the music therapy profession during a period of time when they are not active professionally.

According to the AMTA Bylaws:

"Inactive music therapist membership is open to professional music therapists who are not currently practicing music therapy. Music therapists seeking inactive membership must complete an application available from the National Office. Inactive membership will provide the privileges of participation in the activities of the Association and the right to receive selected publications of the Association, but does not include the right to vote or to hold office."

Inactive membership is intended as a temporary status only and expires each year at the end of the membership year.

The applicant is welcome to apply for Inactive membership again, but must complete the application form each year.

Individuals will be considered eligible applicants for Inactive Membership if they:

Application Process
